Yearly Account Reviews

We will be reviewing all accounts to determine if they have had a transaction (deposit, withdrawal, or transfer) in the past 12 months. Accounts with no activity for one year are considered dormant and charged a \$10.00 dormant account fee. If the account has had no activity for 5 years, the SC Abandoned Property Act requires all financial institutions to turn over the funds in the account to the state. If you have not conducted a transaction in the past year, please come by or call us. Transfers or transactions can be as little as \$1 and can be done through MoneyLine 24 by calling 669-9099, online at www.pdfcu.org, or by contacting the credit union. Per our fee schedule, we charge an annual fee of \$10.00 for dormant/inactive accounts.
